I got through reading Thomas Hills Gazateer 800 pages
June the first monday I went to the South House Claudy no rain
tue 2 Thomas Hill came here and cut my hare same rain to day
wen 3 The Potters and I went to help how corn for Samuel Sc
thur 4 Raining this morning and considerable fell last night
frid 5 A great rain last night but none through the day the thermometer 80
sat 6 Clear this morning and warm the thermometer at 76 at 9 o. c.
Eler Brother William Sharp went to the world supposed to go
after Molly Stout. She went 2 or 3 day a go
sun 7 We went to meating to day but there was none because
of the stagnation they all seem thunder struck at the muse
mun 8 Cloudy with same rain Samuel posted his punkin patch
tues 9 They all turnout to how corn in the big bottom It began
to thunder erly in the morning and great appearance of rain
in the north about 9 oclock it begins to rain and a bout
dinnertime there was a heavy shower then about 1 and 2
an other about 2 I started down to the mill the water
was rains same I started to the grist mill and then I got
there the water was running over from one end to the other
I stayed there till It broke then started back to the sawmill
and got there just as it was going all out milldams it
all flodded of Jotham Sharp got hus sholder put out of place
we 10 They turnout to build the fence no rain to day
thur 11 they turnout to set ing up the corn that was washed up
same rain but not much consider appearance of rain

frid 12 I heard that Elder Brother William Sharpe got maried
to Molly Stout yester day In Lebanon abundance of raine
sat 13 We all turned out at the corn in Samuels field to raine in the evening
~~14~~ the evening the thermometer fel 20 degrees in les than an hour
sun 14 We did not go to meeting because of the raine in the morning
mund 15 the weather is some cooler but the ground is very wet very and
Elder David Spining and Richard Pelham and theris Sisters wos her on
visit they got here the day before the great flood I heard
John Able went over to all Websters after medicin for baby
tues 16 We are a howing corn in the new manner gowing before the plows
It has ben an un comon wet time as much so as ever known
we 17 Clear this morning and has some the appearance of fare weather
We finished howing corn We are very much wore down howing
thurd 18 So raine to day the gound is getting so that in can be worked
or plowed I planted my watermelon patch I suppose for the last time
frid 19 abundance of raine last night and more in the morning the wind
raised in the afternoon and blew very hard which dryed the ground
the People are very much discouraged about their crops because of the rain
sat 20 Cool this morning the wind from the north is very disagreable I put
on 2 frocks the thermometer stands at 55 in the morning
sun 21 the weather is clear but cool the thermometer stands at 48 in the morn
We went to meeting and the Ministry from the Lakes was there
mu 22 Clear this morning but very cool for the season so much so that people
bild fires in the morning to sit by but no frost I believe here
but the thermometer stands at 46 and frost at the Grain house
tue 23 Some warmer clear the thermometer stands at 52
Christian Burgholder came down from Water Vleet
we 24 Some little rain Christian stayed here all day
thur 25 Some clawdy in the morning Christian started back to
Water Vleet he slept 2 night at the workshop to sleep
frid 26 A heavy storm of rain with thunder and wind last evening
no rain to day the sun shines warm in the after noon
sat 27 Some cooler an other storm last night with heavy thunder
I begun to harvest in the orchard with the hay
su 28 We went to meeting and Elder Solomon preached about the great
events and about pulling the flax for the Sisters and so they made
a generaul turnout at 4 o'clock in the evening and finished
Some little raine throught the day but not very much just a sprinkle
m 29 We begun to mow in the meadow Isaac and John James and I
mowed all day with my flanel frock on because of the cold
tue 30 James Morris is tuckered out I believe about 4 now we count
an other day for me I mowed all day with my flanel frock
July wend 1 I sawe frost this morning here and there was frost
plenty at the Grain I mowed an other day with my flanel frock
the weather has been very cool for some day as many 5 or 6
thur 2 clear this morning very cold but no frost I believe
the thermometer stood as low as 46 yesterday morning

3 same little wormer than it has been for some days We got
frid the meadow 3 fifth cut I believe a beautifull time for hay
sata 4 We drawed a bundance of hay & all thas fit and cocked the rest
there has been more rain this week never did we have such good hay
sund 5 We did not got to meeting because of the rain but it did not rain much
mund 6 A very foggy morning they all came down from the Village to
the by field and got done by noon a bout 35 reapers
tues 7 We are a mowing to day and we mowed 5 acre and 5 hands
after super we go to cocking up that we cut in the fore noon
wens 8 Abundance of rain last night We had the first mes of cucumbers
~~thur~~ 9 the weather is some cool and some rain through the day all day
